WHAT IS DAWSON?

The U.S. Tax Court's case management system, DAWSON (Docket Access Within a Secure Online Network), is an electronic filing and case management system designed to make it easier for parties and the Court to start a Tax Court case, file and process documents, and manage cases. DAWSON also has a public search feature where the public can search for cases, orders, and opinions that are not sealed.

Are you filing a petition on behalf of someone else?

To file a case on behalf of another taxpayer, you must be authorized in this Court as provided by the [Tax Court Rules of Practice and Procedure](#). Enrolled agents, certified public accountants, and powers of attorney who are not admitted to practice before the Court may not file a petition on someone else's behalf or represent a taxpayer in a case.

For additional questions, contact DAWSON support: dawson.support@ustaxcourt.gov

Are you a practitioner?

Practitioners need to contact Admissions to have their account created and verify admission to practice before the U.S. Tax Court.

Email admissions@ustaxcourt.gov with your name and your USTC Bar number (if you have one).

The screenshot shows the 'Welcome to DAWSON' page. In the top right corner, there is a red arrow pointing to the 'Log In' link. Below the header is a 'Search' section with tabs for 'Case', 'Order', and 'Opinion'. The 'Case' tab is selected. Below the tabs, there is a notice: 'Anyone can search for a case in our system for cases filed on or after May 1, 1986.' followed by two bullet points: 'If you aren't affiliated with a case, you will only see limited information about that case.' and 'Sealed cases and affiliated documents will not display in search results.' 2. You will then be routed to the login screen where you will enter your **email address/username** and **password**. Remember that your username and password are both case sensitive.

The screenshot shows the 'Log in to DAWSON' screen. The header says 'Welcome to DAWSON'. The main content area is a dark blue box with a white login form. The form has the title 'Log in to DAWSON' and a note: 'Email address and password are case sensitive.' Below this are two input fields: 'Email address' and 'Password'. There is a 'Show password' link next to the password field. A 'Log in' button is at the bottom of the form. Below the button are two links: 'Forgot password?' and 'Don't have an account? Create your account now.'

DASHBOARD

Your dashboard is your main landing page once signed into DAWSON.

1. Before you file a Petition with the Court, your dashboard will provide information and links to help you with the Petition filing process:

My Cases

Welcome, Test petitioner5

Have you already filed a petition by mail or want electronic access to your existing case? Do not start a new case. Email dawson.support@ustaxcourt.gov with your case's docket number (e.g. 12345-67) to get access to your existing case.

What to Expect When Filing a Case Online

To file a case with the Tax Court, you'll need to submit the following items that can be prepared in advance. Once you start a case, you won't be able to save your work and come back to it. After the case has been processed, you'll be able to log in at any time to view the status and take action on the case.

- 1. Petition**

This is the document that explains why you disagree with the Internal Revenue Service (IRS). There are two options you may use to provide the Petition:

 - Complete and upload the Court's standard Petition Form. [Petition form \(T.C. Form 2\)](#)
 - Upload your own Petition that complies with the requirements of the [Tax Court Rules of Practice and Procedure](#).
- 2. IRS Notice(s)**

If you received a Notice(s) from the IRS:

 - a. Submit a PDF of the Notice(s) you received.
 - b. Remove or block out (redact) your Social Security Numbers (SSN), Taxpayer Identification Numbers (TIN), or Employer Identification Numbers (EIN) on a COPY of the IRS Notice(s) or in a manner that does not permanently alter the original IRS Notice(s).
 - c. The Notice(s) will be part of the case record.
- 3. Statement of Taxpayer Identification Number (STIN)**

This is used to help the IRS identify who you are. This is the only document that should contain your SSN, TIN, or EIN. The STIN will **not** be visible as part of the case record.

[Statement of Taxpayer Identification Number \(T.C. Form 4\)](#)
- 4. (If filing for a business) Corporate Disclosure Statement (CDS)**

If you're filing on behalf of a business (this includes a corporation, partnership, and LLC), you'll need to complete this to provide the Court additional information about corporate interests in the business.

[Corporate Disclosure Statement \(T.C. Form 6\)](#)
- 5. \$60 filing fee**

After you submit your case, you'll be asked to pay a \$60 filing fee.

Deadline to File

You may have received a notice in the mail from the IRS. The IRS notice may show the last date to file or the number of days you have to file a petition. **In most cases, the Court must receive your electronically filed Petition no later than 11:59 pm Eastern Time on the last day to file.** Petitions received after this date may be untimely and your case may be dismissed for lack of jurisdiction.

BEFORE YOU ELECTRONICALLY FILE A PETITION

The Petition and Statement of Taxpayer Identification (STIN) documents must be completed and submitted when you create a case with the US Tax Court. If you received an IRS Notice(s), you will be asked to upload it separately. These documents can be prepared in advance before you start the process of creating a new case in DAWSON.

1. If you have not yet set up a DAWSON account, [Create a New Account](#) before beginning this process.
2. The File a Case process must be completed in one sitting; you will not be able to save your work and come back to it.
3. Prepare the [Petition](#) (Form 2)
 - a. Signing the Petition
 - i. The combination of DAWSON username (email address) and password serves as the "signature" of the individual filing the document.
 1. If the document requires a signature in addition to that of the eFiler, such as in a case where both spouses are petitioners, the document should be signed by the additional party before being uploaded.
 2. If in doubt, all the petitioners can sign the Petition.
 - ii. Acceptable digital signatures in DAWSON
 1. Parties may submit a high-resolution or PDF document bearing either imaged or digitized signatures in satisfaction of the requirements of Rule 23(a)(3), Tax Court Rules of Practice and Procedure.
 2. PDFs of documents bearing an actual signature are acceptable. (Print and sign before turning into a PDF.)
 3. Documents signed using an authentication program (e.g., Adobe or DocuSign) are acceptable. (Digitally sign with a program.) Be sure to remove encryption or password protection prior to uploading into DAWSON.
 4. Stylized signatures (e.g., signing with "/s" or using cursive font) are only acceptable when paired with the DAWSON username (email address) and password or with authorization. See Rule 23(a)(3).
 5. Stylized signatures on paper submitted forms are not acceptable.
 - b. Save the completed Petition as a PDF file.
 - i. The maximum file size for each document uploaded into DAWSON is 250MB.
 - ii. Be sure that the PDF is not encrypted, or password protected.
 - iii. Note: PDF Portfolio files are not supported at this time.
 - c. Do **NOT** put your Social Security number or taxpayer ID number on the Petition.
 - d. Do **NOT** attach any other documents (such as tax returns, copies of receipts, or other types of evidence) to your Petition.
4. Prepare the IRS Notice(s) if you received one.

- a. Remove or block out (redact) your Social Security Numbers (SSN), Taxpayer Identification Numbers (TIN), or Employer Identification Numbers (EIN) on a COPY of the IRS Notice(s) or in a manner that does not permanently alter the original IRS Notice(s).
5. Prepare the [Statement of Taxpayer Identification Number](#) (Form 4).
 - a. Signing the Statement of Taxpayer Identification Number (STIN) Form.
 - i. The combination of DAWSON username (email address) and password serves as the signature of the individual filing the document.
 1. If the document requires a signature in addition to that of the eFiler, such as in a case where both spouses are petitioners, the document should be signed by the additional party before being uploaded.

 - i. The maximum file size for each document uploaded into DAWSON is 250MB.
 - ii. Be sure that the PDF is not encrypted, or password protected.
 - iii. Note: PDF Portfolio files are not supported at this time.

TIPS & TRICKS

- All uploaded documents must be in PDF format (.pdf). The maximum file size for each upload is 250MB.

- If your document is larger than 250MB, you should upload the information as separate documents--each must be 250MB or less.
 - If you have multiple documents that you would like to upload, and they are the same document type (e.g., Exhibits), combine them into one PDF document (not to exceed 250 MB), rather than uploading each document separately.
- You can upload/file up to 5 supporting documents (declarations, affidavits, etc.) as part of the same transaction.
- To file several separate documents, complete the File a Document flow as many times as needed.
- If the document you are filing requires a signature:
 - The combination of DAWSON username (email address) and password serves as the signature of the individual filing the document. If the document requires a signature in addition to that of the eFiler, such as in a case where both spouses are petitioners, the document should be signed by the additional party before being uploaded.
 - Acceptable digital signatures in DAWSON
 - Parties may submit a high-resolution or PDF document bearing either imaged or digitized signatures in satisfaction of the requirements of Rule 23(a)(3), Tax Court Rules of Practice and Procedure.
 - PDFs of documents bearing an actual signature are acceptable. (Print and sign before turning into a PDF.)
 - Documents signed using an authentication program (e.g., Adobe or DocuSign) are acceptable. (Digitally sign with a program.)
 - Stylized signatures (e.g., signing with "/s" or using cursive font) are not acceptable.
- Lodged Documents
 - A **Lodged** document means that the document is sent to, but not yet officially filed with, the Court.
 - A document is Lodged with the Court as part of a Motion for Leave to File (asking the Court's permission to file something the Court did not ask for) or a Motion for Leave to File out of Time (asking the Court's permission to file something late).
 - When filing a **Motion for Leave to File** type of document, the user is prompted to identify and upload the document that should be lodged with the motion.
 - In the example below, the Party uploaded a Motion for Leave to File Report, and also uploaded the Report document.

INTERVENOR TO A CASE

An intervenor to a case is typically the non-requesting spouse in a section 6015 (“Innocent Spouse”) case. If you received a Notice of Filing of Petition and Right to Intervene from the IRS, follow the guidance below on how to gain access to the case.

NOTICE OF INTERVENTION

1. To gain access to the case, you must complete and file the Notice of Intervention. This form can be accessed here:
https://ustaxcourt.gov/resources/forms/Notice_of_Intervention_Form_13.pdf
2. This form cannot be filed electronically. Mail the completed form to:

United States Tax Court
400 Second St. NW
Washington, DC 20217
3. Once the form is processed by the Court, you will be added to the case as an intervenor and will receive a letter in the mail (paper service) indicating that you have been added to the case.
4. If you would like electronic access (eAccess) to the case, email dawson.support@ustaxcourt.gov. Be sure to indicate that you would like electronic access to the case and include the docket number of the case in the email.

[This space intentionally blank]

ELECTRONIC SERVICE (ESERVICE)

Electronic service is optional for self-represented petitioners. Rule 21(b)(1)(D) of the Tax Court Rules of Practice and Procedure authorizes service by electronic means if the person served consented in writing. Signing up for and using DAWSON constitutes consent to electronic service.

USING ESERVICE IN DAWSON

An eFiler may use DAWSON to electronically serve those parties or persons in the case who have consented to electronic service. A party's service preference (paper or electronic) is listed under their contact information on the Case Information tab within a case.

Each time a party eFiles a document, DAWSON generates a service notification email to all parties and persons in the case who have consented to electronic service. The service notification email in conjunction with the entry on the Court's electronic Docket Record constitutes service on all parties who have consented to electronic service. A certificate of service is not required with an eFiled document. Similarly, each time the Court issues a document in a case, a service notification email is generated to all parties who have consented to electronic service.

When you receive the Court's service notification email, you should log on to DAWSON to view/download the document(s). You may also save or print the document(s) at that time. Petitioners who have consented to electronic service are required to regularly log on to DAWSON to view any new activity in their case(s).

PAPER SERVICE

The filing party must make paper service on parties to the case or their representatives who have not consented to or are exempt from electronic service. The filing party must also make paper service when filing a document with the Court in paper form.

DOCUMENTS NOT ELIGIBLE FOR ESERVICE

Parties cannot use DAWSON to make service of documents, such as discovery requests, that are not filed with the Court. The Court cannot serve documents that are not filed, such as expert reports.

BOUNCED ESERVICE

If the Court's service notification email to a pro se petitioner is returned (bounces back) to the Court's system as undeliverable, the Court will revoke the petitioner's electronic service and notify the eFiler, who must then serve the pro se petitioner in paper form and eFile a certificate of service in the case. The Court will also notify the pro se petitioner on whom eService failed and provide instructions for restoring eService. Electronic service is optional for self-represented petitioners, and they are not required to take further action unless they wish to eFile documents and have electronic access to their case record going forward.

The Court does not monitor bounced-back emails from practitioners or provide paper service to practitioners unless they have been granted an exemption from mandatory eFiling. To reduce the possibility of notifications being misclassified as spam or returned as undeliverable, pro se petitioners using eFiling should add the Court's domain "ustaxcourt.gov" to their email program's list of safe senders and update their email address in the event it changes.

FIND A CASE
