ORDER

On January 23, 2014, petitioner submitted two documents for electronic filing: (1) a Motion for Extension of Time and (2) a Notice of Change of Address. The Court's electronic filing system does not currently support the submission of documents from a smartphone. Accordingly, cover pages were generated and filed in the case, but the documents that petitioner attempted to upload and file were not properly made a part of the record of this case. Petitioner may resubmit these documents for filing in this case. However, this should be done using a platform other than an unsupported smartphone.

Upon due consideration, it is

ORDERED that the Motion for Extension of Time cover page and the Notice of Change of Address cover page, both filed on January 23, 2014, are hereby stricken.

Chief Judge
