**ORDER**

This case was on the Court’s February 22, 2016 trial calendar for San Francisco, California. It is one of a number of cases at the intersection of marijuana sales and the federal tax system, and we continued it to enable the parties to develop what may be a couple issues new to this field. They recently reported exchanging some ideas on whether cloned marijuana plants are controlled substances under section 280E and continue to work on informal discovery. It is reasonable to keep the case on a status-report track and it is

ORDERED that the parties file another joint status report on or before June 6, 2016 describing their progress toward settlement or agreement on whether this case should head toward motion or trial.

**(Signed) Mark V. Holmes**  
**Judge**
