**ORDER**

The following motions are pending in this I.R.C. §7623(b)(4) case: (1) petitioner’s complaint requesting Chief Judge review of Special Trial Judge’s hearing Orders issued on 11/14/16 & notice of objections, filed November 22, 2016; (2) petitioner’s motion for Chief Judge to reconsider motion to disqualify counsel, filed December 19, 2016; (3) petitioner’s motion for Chief Judge to reconsider motion to strike respondent’s unsworn declaration, filed December 20, 2016; and (4) petitioner’s motion to Chief Judge to reconsider motion to compel answer to interrogatories and sanctions, filed March 6, 2017.

All of the motions listed above request review of an order issued by a special trial judge. Chief Judge review of the disposition of a non-dispositive motion in a case assigned to a Special Trial Judge whose authority to enter decision is established by I.R.C. §7443A is not generally available. That being so, it is

ORDERED that the above-referenced motions are denied.
