

UNITED STATES TAX COURT
Washington, D.C.

December 18, 2020

PRESS RELEASE

Chief Judge Maurice B. Foley announced today that on December 28, 2020, the United States Tax Court will officially launch DAWSON (Docket Access Within a Secure Online Network), its new case management system.

Petitioners and practitioners already registered for electronic access will be sent temporary credentials for DAWSON no later than December 28, 2020. The temporary credentials are valid for 7 days from the date they are sent. On or before December 28, 2020, expanded guidance on using DAWSON, including frequently asked questions, will be available on the Court's website.

On December 21, 2020, the Court will begin processing petitions received during the time electronic filing was inaccessible.

The former eAccess system will remain available as read-only through 5:00 PM Eastern Time on December 30, 2020. After that time, no further access—read-only or otherwise—will be available.

If you have any questions, please refer to the website or contact the Public Affairs Office at (202) 521-3355.
